Step #4: Covid-19 School Member Attestation Form

Athletics Manitoba is committed to safe sport for all members and has been working with the National Return to Sport Task Force, to develop return to training guidelines. Therefore, we will be following the Back on Track training guidelines as developed by the National Task Force. We have also highlighted any additional or differing guidelines that have been set specifically for the Province of Manitoba. These guidelines should be used after making the personal decision that you are comfortable to return to training.

I have read and AGREE that our school will follow the “Athletics Manitoba Return to Training Addendum” and the “National Back on Track Guidelines” and ensure each team member signs the required participation waiver(s) prior to involvement in activity. Our school will ensure to keep our team updated with any recent changes to the guidelines as posted at <http://athleticsmanitoba.com/resources/return-to-sport/>. I will also ensure that our school and its team members are informed of any updates to other potential Athletics Manitoba policies as required.

I AGREE _____ to the following attestation form.
